

## Affiliation Agreement for CEMUS Research Forum (CEFO)

This agreement to become an affiliated member is between:

CEMUS (Centre for Environment and Development Studies) **Research Forum**, the interdisciplinary research forum based at Uppsala University at the Zennström Climate Change Leadership Professorship Node (CCL), at the Dept. Earth Sciences

**And:**

PhD Student Name \_\_\_\_\_

Home Department \_\_\_\_\_

The new affiliated member can expect that CEFO will

- Provide a collegial, interdisciplinary research environment to complement their disciplinary/specialised PhD journey at their own departments
- Offer opportunities to meet researchers and research across various fields, and to engage with other research approaches, methodologies and ways of thinking
- Offer opportunities to be involved in organising or creating CEFO's activities, such as organisation of workshops, special events, PhD courses, seminars and student trips
- Provide support applying for grants and the pre-publication stage of papers
- Offer the chance, where available, to be mentored by one of the CEMUS/CCL senior staff, with advice outside one's research, such as grant application reviewing, tips for conference selections and presentations, etc.
- Add to each affiliate's identity as a researcher, and their CV, by offering an affiliated position and engagement in CEFO activities, with use of the additional title 'Affiliated to CEMUS Research Forum'

Affiliated members will be expected to

- Participate in some or all of CEFO's research seminars each term. When at a distance, joining via video conference may be possible.
- Contribute, where possible and interested, in creating and organising CEFO's activities.
- Participate in occasional strategy/organisational meetings.

NOTE: Affiliation is free of charge and can be withdrawn at any time without monetary cost.

*CEFO Affiliate*

*Affiliate's Supervisor*

*PhD Coordinator*
